

Financial Year 1 April 2015 – 31 March 2016

TDBC implemented the Community Infrastructure Levy on 1 April 2014.

This Report details CIL monies received and spent from 1 April 2014 – 31 March 2016.

CIL MONIES RECEIVED TO 31 MARCH 2016.

This table identifies the amount of CIL received by Taunton Deane Borough Council (the collecting authority) and shows how it was apportioned in accordance with the Community Infrastructure Regulations 2010 (as amended). These regulations state that 5% of the CIL collected over the period of years one to three may be applied to administrative expenses. 15% of the CIL collected is passed to the Parish Council for the Parish in which it was collected. This Parish payment is capped at £100 per existing council tax dwelling within the Parish. If a Parish has a Neighbourhood Plan in place this payment increases to 25% and is uncapped. The Neighbourhood Development Plan must have been adopted BEFORE the planning permission for the relevant CIL chargeable development first permits development. In the case of a grant of outline permission (which is not a phased permission) planning permission first permits development on the day of the final approval of the last reserved matter associated with the permission. In the case of a grant of outline permission which is a phased permission planning permission first permits each phase of that development on the day of final approval of the last reserved matter associated with that phase or, if agreed in writing by the Local Authority before development commences, on the day final approval is given under any pre-commencement condition associated with that phase.
