

Ellie Elephant Niche Application Form

The new section of the children's garden has been sympathetically created with all ages of the family in mind.

Plaques are available for dedication, together with a range of artwork to compliment the memorials and design.

In order to maintain the children's area in the way it has been designed (for aesthetics, grass cutting and health & safety), any other form of memorialisation (trinkets, windmills, letters etc.) are not permitted in the garden or its proximity. A memorial post box has been included in the design for all memorial letters and cards.

Any additional memorialisation will immediately be removed by members of staff and stored for collection. Unfortunately contact prior to or following this will not be possible.

By signing the application form below, you agree to the above terms.

To ensure the inscription will fit onto the plaque, please note the following information:

- ◇ No more than one letter or number must be written in a box.
- ◇ Do not forget to include spaces in your inscription. A space counts as a letter or a number.
- ◇ We will centre the text onto the plaque, this guide box is only to aid your choice of inscription
- ◇ Do not use the black boxes for text - these represent the holes for the plaque to be fixed to the memorial pedestal
- ◇ The boxes that are coloured grey are not to be used if you wish to have any artwork on the plaque
- ◇ The inscription **MUST** be written clearly and in block capitals. ***We are unable to accept responsibility for any incorrect inscription due to illegible or ambiguous writing.***
