## **Chapter 1. Introduction**

- 1.1** Section 35 of the Planning and Compulsory Purchase Act 2004 required that every local planning authority submitted an Annual Monitoring Report to the Secretary of State by the 31<sup>st</sup> December every year.
- 1.2** Section 113 of the Localism Act 2011 amended section 35 of the 2004 Act. In particular, the requirement to submit the AMR to the Secretary of State was removed, the document renamed an Authority's Monitoring Report and a requirement introduced for local planning authorities to publish this information directly to the public at least yearly, in the interests of transparency. This document covers the reporting period from April 2016 to March 2017.
- 1.3** On 31<sup>st</sup> March 2011 CLG wrote to Chief Planning Officers withdrawing previous guidance on local plan monitoring and stating "it is therefore a matter for each Council to decide what to include in their monitoring reports."
- 1.4** This document is West Somerset Council's Authority Monitoring Report (AMR), for the local planning authority area outside of the Exmoor National Park (ENP). The format differs from that of previous Annual Monitoring Reports. It follows the requirements set out in regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012 whilst providing a more direct focus on the implementation of development plan policies than was the case under previous Annual Monitoring Reports.
- 1.5** Regular monitoring is vital to establish what is happening now and what may happen in the future. Trends can be established to assess whether policies and objectives are delivering sustainable development. These are often expressed as 'Indicators'. If Indicators are not being met, regular monitoring provides the opportunity for a quicker response to required changes to policies and Plans. Flexibility to update components of the Local Development Framework to retain its relevance and assist implementation of policies and the delivery of sustainable development is a key feature of the new planning system within which the AMR rests.

## Chapter 2. Local Development Scheme Implementation

- 2.1 The 2004 Act requires that a local planning authority must prepare and maintain a Local Development Scheme (LDS), setting out the timetable for preparation of various Local Development Documents.
- 2.2 The most recent LDS document came in to effect by resolution of Full Council on 21<sup>st</sup> January 2015. It outlined the timetable for the West Somerset Local Plan to 2032, as shown in Table 2.1 below.

**Table 2.1 LDF Progress**

	<b>Local Plan to 2032 and Proposals Map</b>	
	<b>Proposed Date</b>	<b>Actual Date</b>
<b>Revised Preferred Strategy Consultation*</b>	<b>July – September 2013</b>	<b>Milestone Hit</b>
<b>Formal Publication</b>	<b>February 2015</b>	<b>Milestone Hit</b>
<b>Examination</b>	<b>July 2015</b>	<b>Hearing held 14-22 March 2016</b>
<b>Inspector's Report received</b>	<b>December 2015</b>	<b>14 September 2016</b>
<b>Adoption</b>	<b>February 2016</b>	<b>23 November 2016</b>

\*The original Preferred Strategy consultation took place between 22 March and 16 May 2012. The Revised Preferred Strategy sought to ensure that the emerging policies were compliant with the NPPF which was published on 27 March 2012, after the consultation period on the Preferred Strategy had commenced.

- 2.3 In his Report, the Local Plan Inspector recognised the need for the West Somerset Local Plan to 2032 to be subject to an early review. The Council will be preparing a new Local Development Scheme during 2017-18 setting out the anticipated timescale for undertaking the review.

## **Chapter 3. Policy Monitoring**

### **Policy Status**

- 3.1** Paragraph (2) of Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012 requires the local planning authority to identify and provide reasons for not implementing any policy in a local plan.
- 3.2** There are no policies that are not currently being implemented within the District.

### **Monitoring of Policies**

- 3.3** The Council's draft Local Plan preparation process identified the following key issues:
- Housing and Community
  - Settlement hierarchy and development distribution
  - Transport
  - Employment / Business / Tourism
  - Climate Change and
  - Historic and Natural Heritage protection

Another key issue is coordinating policy development with the Exmoor National Park Authority. West Somerset Council is only responsible for spatial and land-use planning within the Local Planning Authority Area (LPA). This excludes those parts of Exmoor National Park (ENP) which fall within the District Council's boundaries.

- 3.4** The following tables set out the main policy areas, their related policies and implementation, measured against associated monitoring indicators and targets. All data collated from 'Internal monitoring' refers to the period 01 April 2016 – 31 March 2017.

## **Chapter 4. Other Matters**

### **Neighbourhood Development Orders (NDO) and Neighbourhood Development Plans (NPD)**

- 4.1** Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012 require a planning authority's AMR to contain details of any NDO or NDP prepared within its area.

Stogumber Neighborhood Plan was adopted by West Somerset Full Council on 23<sup>rd</sup> November 2017, following a referendum within the Plan area.

### **Community Infrastructure Levy (CIL)**

- 4.2** If a Community Infrastructure Levy is in place, Regulation 34 (2012) requires a local planning authority to prepare a report for the CIL it has collected for that financial year.

West Somerset Council does not currently have CIL in place.
