

Progress Newsletter

Development of Coal Orchard

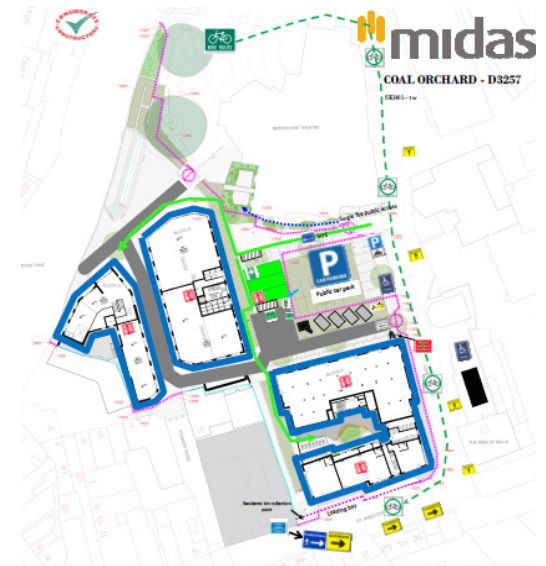

working with

Somerset West and Taunton

17.12.2020 nr4

Welcome ...
to our regular newsletter to provide our neighbours with an update on our progress during the construction the Coal Orchard Development

WHAT HAVE WE BEEN UP TO

NEWSLETTER FOUR—17TH JANUARY 2020

HAPPY NEW YEAR TO ALL

THE LAST MONTH HAS BEEN DIFFICULT WITH THE WET WEATHER BUT PROGRESS HAS BEEN MAINTAINED

A FEW PHOTOS FROM THE LAST MONTH

Ground beam being prepared

Trees provided by MIDAS

An old well discovered and recorded by Wessex Archaeology

Piles being prepared ready for trimming to correct level

Piling rig in action

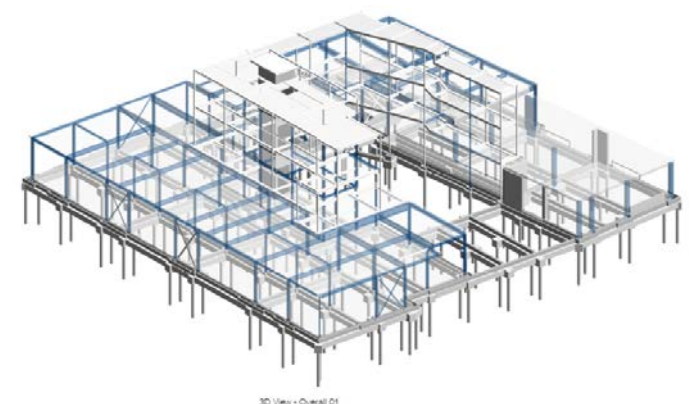

LOOKING AHEAD

The next month we will be in full on concrete mode.

Foundations will be poured to Block A this coming week. During the course of the month we will start substructure block work ready for the slabs to be installed in mid February and the steel work near the end of February.

The pump we have coming to site next week will be one of the largest in the UK.

Should you have any queries or general concerns please contact ...
