Dear Ann,

I am writing to update you and the PCs on this examination.

I'm making good progress, but I have noticed on the SWT website there is an Environmental Report (Lepus Consulting) dated January 2022 (which is after the Regulation 16 stage consultation and also not what I was expecting given both the Strategic Environmental Assessment and Habitats Regulation Assessment Screening Reports indicate that no further work is necessary.

I feel I may have missed something and would ask for your help in filling in this blank please?

I am now away on annual leave until w/c 23 May and hope you might be able to come back to me on this to enable me to continue working on the examination on my return to the office.

Many thanks in anticipation of your assistance,

Kindest Regards Ann
